

**Kelli- November 2001
Devin- November 2005**

Big sister, Kelli, is very happy and positive. She gets along with others and makes friends easily. She enjoys cheerleading, dancing, riding horses, and drawing. She likes animals and would love to have a dog. She likes collecting dolls and watching Disney movies. Kelli likes school and earns good grades. Devin can be cheerful, energetic, and talkative. He loves to be the center of attention. He enjoys football, swimming, and coloring. He likes to play on the computer and he likes video games. His favorite animals are dogs, cats, fishes, and horses. Devin will need a family that is an advocate for his educational needs and will continue his therapy services.

These children would love a family that is active in a Christian church and has pets. Kelli and Devin are free for adoption and in need of a permanent home!

For more information about Kelli and Devin or the adoption process, please email
